

Year 2- Term 3 Homework

Our topic this term is:

Moon Zoom

Topic Homework

Here are some ideas for this term's homework, pick one or think of your own:

- With adult supervision, use the internet to find out and record the names of five people who have travelled into space. Have any of the people that you have chosen walked on the Moon?
- Wood, plastic, metal, glass, water, rock, paper, foil and fabric are all materials that are found on Earth. Find examples of each material and describe their properties
- Lunar roving vehicles are used to travel on the Moon's surface. Use a range of materials to make a model of a lunar vehicle. Draw and label a diagram of your lunar vehicle to show what materials you have used for each part and the materials' properties
- Find out and write down the names of the planets in our Solar System. Place them in order, based on their distance from the Sun.

To be completed by: Wednesday 8th February 2023

Please make sure all homework is completed in the homework book.

Key Vocabulary

astronaut
earth
glass
Helen Sharman
material
metal
natural
Neil Armstrong
orbit
plastic
reflect

Maths

This term we will continue to use MyMaths for homework and Times Tables Rock Stars. If you would like to further support you child with their learning, these are some of the key areas the children would benefit from regular practise:

- Partitioning 2-digits numbers into tens and ones
- Number bonds to 10, 20 and 100
- Counting in 2s, 5s, 10s and 3s
- Developing understanding of the different coins and notes

English

Children are expected to read every night and have their books signed.

This term we are focusing on the year 2 spelling rules and patterns. There are activities on Spelling Shed for the children to complete.
