

Year 5 - Term 6 Homework

Our topic this term is:

Darwin's Delights

Topic Homework

Here are some ideas for this terms homework, pick one (or more) or think of your own:

- ♣ Make a fact file about the different types of fossil and what they tell us about the past. If possible go to a museum where you can look at and take pictures of fossils.
- ♣ Explain how animals, such as polar bears, sharks or monkeys have adapted to suit their environment.
- ♣ If you are taking a trip to London visit the Darwin Centre and then present your findings.
- ♣ Research the HMS Beagle and present it creatively.
- ♣ Research other scientists who also had an interest in evolution and inheritance.
- ♣ Create a family tree.
- ♣ What can you discover about Lonesome George, the last Pinta Island tortoise. Research charities that look after endangered species.

To be completed by: Monday 8th July 2024

Key Vocabulary

adaptation
artificial selection
cloning
DNA
endangered
evolution
extinct
fossil
habitat
inheritance
natural selection
species
trait variation

Maths Homework

Practise times tables ready for the Maths Rock Star Challenge!

My Maths activities will be set over the course of the term to consolidate our learning in class.

English Homework

Children are expected to read every night and have their books signed.

These are the spelling rules and patterns we will be focusing on this term:

Week 1: Words containing hyphens

Week 2: Challenge Words

Week 3: Revision

Week 4: Revision

Week 5: Revision

Week 6: Revision
